enrichment for schools

ABOUT US

Azeri Chess Academy is a premier chess institution led by Grandmaster Ulvi Bajarani—Azerbaijan Men's Champion (2014) and a member of the Azerbaijan National Olympiad Team.

Our programs are built on Azerbaijan's renowned chess school, which has produced numerous strong players, including European and World Youth medalists.

Based in Houston, TX, we partner with a limited number of schools to deliver world-class coaching, a structured curriculum, and a clear path from beginner to advanced play.
